PRESS RELEASE

Azle Police Department
Traffic Accident Reports Available Online
Posted Date: 5/4/2012

The Azle Police Department is pleased to announce a new online service that provides a more convenient way to obtain traffic accident reports 24 hours a day, 7 days a week. This service is truly convenient, efficient and cost effective for the Department, the community and insurance industry.

In an effort to reduce the inconvenience to those involved in accidents and continuing our goal to provide better service to our community, the Azle Police Department has partnered with PoliceReports.US, LLC to implement a new online program for obtaining copies of traffic accident reports. Beginning May 7, 2012, accident reports generated on or after April 1, 2012, can be accessed through the following sites:

www.cityofazle.org http://tx.policereports.us

In order to download copies of reports, you will need internet access and a credit card to purchase. To search for an accident report, simply enter either the report number or date of accident and last name.

Reports can be printed from the internet 24 hours a day, 7 days a week for a $10 fee. Please allow 3-5 days after the accident has occurred before attempting to access the reports. Hit and run accidents may require additional time.

Electronic distribution of accident reports via the web will allow the Azle Police Department to be more efficient and to provide an increased level of customer service; however, community members will still be able to obtain their reports in person if they prefer.

If there are any questions regarding this service, please contact the Azle Police Department at 817-444-3221, Monday through Friday from 8 a.m. – 5 p.m.
