Required Submittals

- Complete application
- Site plan showing pool placement in relation to property lines, septic systems and spray heads (if applicable), pool equipment and all other structures on property.
- Pool plan showing the deck drainage, pool drainage, overflow drainage and sanitary sewer connection (if applicable).

Requirements

- All backwash must go to storm drain
- Pool must be completely enclosed by a four (4) foot fence with self closing, self latching gate.
- Pool deck and equipment may not be placed in an easement.
- Anti-siphon hose bibs must be placed on all outside faucets.
- Construction fencing must be in place at all times that site is unattended.

I hereby certify that I have read and examined this application and know the same to be true and correct. Type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

SAFEBUILT INSPECTION SERVICES

Permit Submittal

All completed permit documents shall be submitted to City Hall. Processing time is 7 to 10 days.

Permit Issuance

Once the permit has been approved, the requestor will be contacted by City Hall personnel and notified of fees.

Plan Review

SAFEbuilt will be conducting residential and commercial plan reviews. The applicant will be contacted by SAFEbuilt if additional information is needed. You may contact City Hall for the status of your permit at 817-444-2541.

Inspection Requests

Please contact SAFEbuilt to request inspection(s). Any of our permit technicians can assist you. Inspections whether by email or phone, must be received by 4 pm the previous business day for next day inspection.

Inspection Email: inspections@cwistx.com

Inspection Phone Line: 940-521-0470

Field Inspections

The inspectors name and information will be listed on each field report that is performed and emailed at time of inspection. An approved set of permit plans must be on-site during all inspections.

We look forward to working with you to ensure that the community is provided with a safe and durable built environment.
