

CENTRAL SPLASH IS OPEN FOR FUN!

Central Park
263 W. Main Street, Azle

Located at Azle's Central Park, this 2,200 square foot splash pad is the latest amenity at the park and is located near the playground. The splash pad features a variety of sprayers, spilling buckets, fountain sprays and water cannons that are user activated. It utilizes a recirculating system to conserve water and features a safe "zero depth" play area. Vortex Aquatic Play Solutions was the contractor for the project.

"We are very excited to bring another fun activity to the park," said Mayor Alan Brundrett. "This splash pad adds another amenity to Central Park where family and friends can gather and build community ties together."

In addition, new **restrooms** are open next to the splash pad which includes two (2) water fountains located along the exterior wall. AUI Partners was the contractor for the project.

Both facilities are ADA compliant and are open daily during park hours, 9 a.m. – 8 p.m.
